Imaginary Island - Project Directions

We have been learning about maps in History, and now it is time for you to show off what you know!

You will be creating your own imaginary island with the rubric provided. On the rubric, there is a list of the places and landmarks that **MUST** be included in your map. You may add things that are not on the rubric, but you may not take off items. Remember to give the places creative names!

You will have time in class to brainstorm and start your project. Effort and personal best, count too! You will be given a planning page and a separate project page to complete this assignment. Use the rubric to check off items you need as you go so that you are sure you have everything required on your map.

Have fun and get creative! 😊

**Examples:**
